INFLUENZA ATTACKS WESTERN COAST CITIES

DEATHS OVER SCORE AND THOUSANDS ILL

EPIDEMICS OF INFLUENZA, SPINAL MENINGITIS AND SCARLET FEVER

55 DEATHS OCCURRED IN SAN FRANCISCO IN MONTH OF OCTOBER

Los Angeles, Calif., Nov. 27.—More than a score of deaths and thousands of cases of illness were reported today from widely scattered cities of the west where epidemics of influenza, spinal meningitis and scarlet fever have appeared.

The present prevalence of influenza follows a severe outbreak of the disease in San Francisco, where 55 deaths occurred in October and the early part of November. Nearly 4,000 persons there were ill of influenza during that period.

The situation appeared to be serious in Los Angeles, where 14 influenza deaths have occurred and 1,400 persons are suffering from the disease. Four hundred new cases of the disease were reported yesterday. Clara Bow, motion picture actress, was one of the latest victims.

At Twin Falls, Idaho, public gatherings were prohibited as a means of curbing an epidemic of spinal meningitis, which has claimed six lives and afflicted seven other persons. Schools were dismissed for an indefinite period and churches and theatres were closed.

A thousand cases of influenza were reported from cities of Utah and Idaho. Schools at Fairview, Utah, were closed because of an outbreak of scarlet fever.

Five grade schools at Monrovia, Calif., were ordered closed after 18 per cent of the students were reported suffering from influenza.

Dr. George Parrish, Los Angeles health director, said that if citizens continued to fail to isolate themselves when stricken with influenza, arrests would follow.

Observers pointed out that the city health bureau figures did not in any way show the extent of the illness.

The influenza apparently is of a more or less mild form. Hundreds are doctoring themselves. Only the more serious cases have been reported.

It was believed that the epidemic possibly had affected one-tenth of the population of the city.

LINDBERGH TELLS WHY HE SECRETES "NEXT STOP"

Memphis, Tenn., Nov. 27.—(UP)—Col. Charles A. Lindbergh told the United Press here today why he never announces his next stop when he hops off for "somewhere."

"I never say in advance where I am going or when I expect to get there," he said. "I found out long ago that to do so is a bad practice because the crowds at the landing fields make landing hazardous."

This practice of keeping his immediate destination a secret has caused several rumors of his being lost and considerable worry about the famous "flying colonel."

The latest rumor, that he was lost between Tampico, Mexico, and Brownsville, Tex., was explained by the colonel also.

"The fellows at the field jumped to the conclusion I was headed for Brownsville when I left Tampico," Lindbergh said.

"As a matter of fact I flew fifty miles to the ranch of a friend. I had a wonderful visit and did not know anyone was worried about me until the next day."

LOUIS MITCHELL, HUNTING NORTH OF BRAINERD, LOST

Little Falls, Minn., Nov. 27.—(UP)—No word has been received of Louis Mitchell, 24, electrician, who left here on a hunting trip 100 miles north of Brainerd November 10.

Mitchell expected to remain away from home not longer than four days and relatives fear he may have met with an accident. He left here alone in a wire-wheeled coach bearing an Illinois license plate, Mrs. Mathilda Mitchell, his mother said.

A description of the missing youth will be broadcast tonight over station WCCO, Minneapolis-St. Paul, tonight.

Havoc and Death In the British Isles and Europe

2 BRASS BANDS WILL WELCOME TEMPLE HEAD

Los Angeles, Nov. 27.—(UP)—Two brass bands and 1,000 members of Angelus temple will extend an "expression of confidence" to Almee Temple McPherson Thursday when she returns from a three-months tour of Europe.

Reassured by the evangelist's statement that she did not spend large sums in her defense against "conspiracy to obstruct justice" charges, her followers have planned a huge reception.

In addition to the two bands, several choir groups will welcome Mrs. McPherson. A Los Angeles police and fire department escort will lead a parade to the temple, where a Thanksgiving mass meeting will be held.

H. M. BLACKMER FACES PARIS COURT TODAY

IS JAUNTY AND SMILING BEFORE THE ACCUSATIONS COURT

U. S. GOVERNMENT MAKES DEMAND FOR HIS EXTRADITION

Paris, Nov. 27.—(UP)—Henry M. Blackmer, jaunty and smiling, appeared today before the accusation court for a hearing on the demand of the United States government for his extradition.

It was the culmination of months of effort by the American government to get the missing Teapot Dome witness back to that country.

Blackmer is accused by the United States government of making false statements in his income tax returns. The court fight will be over whether that constitutes an extraditable offense under French law.

Blackmer was represented by a French lawyer, M. Aubepin. Advocate General Philippon represented the government, combining the duties of judge and prosecuting attorney.

Philippon summarized the principles of jurisprudence bearing on extradition proceedings involving France and the United States, indicating a belief that there is little hope for "expecting the request to be granted."

Blackmer, who has been treated with exceptional courtesy, has not been under arrest. Police merely called at his hotel and requested him to appear in court and present his defense.

Philippon pointed out that the extradition contention between France and the United States made in 1919 refers only to false oaths made in court and not to perjury generally.

Furthermore, he said, the French law governing false oaths was passed in 1926, whereas the extradition convention of 1919 ante-dated it.

Philippon added that the French perjury law gave a suspected or guilty person immunity three years after his offense. Blackmer's offense, he said, was six years old.

Aubepin, Blackmer's lawyer, reiterated Philippon's assertions more strongly, stressing the role which he said politics had played in the demand for Blackmer's extradition.

'WHITE' THANKSGIVING IS FORECAST MADE

Chicago, Nov. 27.—(UP)—A "white" Thanksgiving is forecast for large areas in the middlewest.

The weather bureau today said that rains and snow are indicated for the plains states and thence eastward across the central valleys and lakes region.

Temperatures were due to rise in the central states today and tonight but fall through practically the entire district Wednesday and Thanksgiving Day to below seasonal normals.

CLOSED BANK PAYS DIVIDENDS

St. Paul, Nov. 27.—(UP)—Depositors of the closed Osakis State Bank today were mailed checks for \$54,307, representing the second dividend or 15 per cent of their deposits. The bank closed in March 1926.

Intense Anxiety Felt Through British Empire As King's Condition Reported 'Unsatisfactory'

KING'S DOCTORS RECALLED TO THE PALACE IN NIGHT

AFRICA REPORTS IMPORTANT MESSAGE FOR PRINCE OF WALES

63-YEAR-OLD RULER PITTING HIS STRENGTH AGAINST A PLEURISY SIEGE

London, Nov. 27.—(UP)—Although a more favorable bulletin was issued today, intense anxiety was felt through the British Empire as reports spread that King George's condition had become "most unsatisfactory" and that he had spent a "very unsatisfactory night."

The king's physicians, Sir Stanley Hewett and Lord Dawson of Penn, were recalled to the palace last night and remained there until 11:30 P. M. They issued a statement at 11 P. M. saying the king "has not spent a comfortable day" and adding that his temperature then was over 101.

The bulletin issued at 11 A. M. today said:

"His Majesty the King spent a more restful night. His temperature is somewhat lower. Conditions are otherwise unchanged."

Signed "Stanley Hewett, Dawson of Penn."

Meanwhile the Evening News, in a dispatch today from Dodoma, Africa, said that "an important message" for the Prince of Wales arrived there this morning. A courier was sent out to deliver the message to the prince.

London, Nov. 27.—The seriousness of King George's illness was conceded by press and public today, the seventh day after the first bulletin was issued from Buckingham Palace announcing that the king was suffering from a feverish cold.

The king did not lose ground overnight and apparently there was little change in his condition. Although his fever was slightly lower than 101.6, announced yesterday, fluctuations in temperature may be expected, and the fact was not taken to indicate a definite trend towards improvement. His pleurisy was no better.

An apparently reliable report at 3:25 A. M. said the king was passing an uncomfortable night.

Public anxiety therefore increased today. Although bulletins announced the king was maintaining his strength, England realized that the 63-year-old ruler was pitting his constitution against pleurisy and that it might develop into something more grave. King George long has been regarded as subject to respiratory afflictions.

Approximately 800 persons waited at the palace gates for the posting of today's bulletin.

UNSUCCESSFUL TRY AT ENDURANCE RECORD AT FRESNO

Fresno, Cal., Nov. 27.—(UP)—The monoplane Albatross was landed at Helm, 40 miles from Fresno, early today after an unsuccessful attempt by Lee Schoenhair and John Guglielmetti to establish a new world's flight endurance record.

The fliers brought their big craft to the ground when it became evident they lacked sufficient gasoline to set a record.

They took off from Fresno at 6:45 A. M. Sunday.

FOUR MEN HELD AS SHOOTING PROBE IS CARRIED ON

Minneapolis, Nov. 27.—(UP)—Four men were held by police here today while an investigation was conducted into the shooting of Miss Alice Duke, 28. Miss Duke first said, it was reported, that she was shot in the wrist by one of the men while returning from a party, but later she told police that the shooting was accidental.

SHUNS CO-ED, GAINS "DATELESS FAME"—MARRIES

Clay Center, Kan., Nov. 27.—(UP)—James H. Hogan, of Clay Center, who shunned the co-ed by winning the distinction of going through Kansas university without a date, is married and his "dateless fame" is ended. He was married to Miss Louise Lufet, of Kansas City, Kan.

GEO. McMANUS, MUCH SOUGHT, SURRENDERS

HELD WITHOUT BAIL ON CHARGE OF "SUSPICION OF MURDER"

ARNOLD ROTHSTEIN, GAMBLER, SHOT TO DEATH DURING POKER GAME

New York, Nov. 27.—(UP)—The first major development in the 23 days' mystery of who killed Arnold Rothstein came today when George McManus voluntarily surrendered and was held without bail on a charge of "suspicion of murder in the first degree."

McManus had conferred with District Attorney Joab Banton for more than an hour when he was led before Judge Manusso and a short affidavit signed by Detective John Cordes was read. This affidavit charged McManus with being a suspect in the killing of his notorious gambler friend—Arnold Rothstein.

McManus is a stocky, good-looking Irishman, about 35 years old. He appeared at ease when led into the courtroom but had to lean on the railing for support as the charge was filed against him.

A week ago District Attorney Banton said McManus "could clean up the Rothstein murder within three minutes."

He was given much more than that amount of time today but there was no indication of what he might have said. He was led directly from the district attorney's office to the general sessions court room and the charge filed.

HOOVER MAKES SPEECHES IN SOUTH AMERICA

ONE ADDRESS GIVEN IN HONDURAS, OTHER AT SALVADOR

PURPOSE OF HOOVER IS TO PAY CALL OF FRIENDSHIP ON BEHALF OF U. S.

By THOMAS L. STOKES
(United Press Staff Correspondent)

Aboard the U. S. S. Maryland, off LaUnion, Salvador, Nov. 27.—President-elect Herbert Hoover and his party were on board the Maryland at 1:30 A. M. and the battleship made ready to leave shortly afterward.

Contrary to earlier reports that rough weather and a storm in the Gulf of Fonseca would delay the Maryland, Captain Kimberly said he expected to arrive at Corinto, Nicaragua, today, according to schedule.

Hoover made two speeches yesterday—one at Amapala, Honduras, and one here.

The Maryland anchored off Amapala at 9 A. M. yesterday and Hoover stepped on the dock at 12:06 P. M. to receive a demonstration from between four and five thousand persons. Mrs. Hoover was greeted by a tiny Central American girl—Lillis Escher.

The president-elect had lunch at the home of Kose Rossne, a prominent German merchant, as a guest of Foreign Minister Augusto Coello who greeted Hoover on behalf of the president of Honduras, Miguel Paz Barona.

After being presented with the key to the city, Hoover spoke of the perpetration of peace as a mutual ideal of the North and South American continents.

"The blood of our forefathers pledges us to this common purpose," Hoover said.

Friendly relations were sought, he said, through the people themselves as well as through the governments.

The Hoover party left Amapala for LaUnion at 2:30 P. M., embarking in launches that met choppy seas in the bay.

RANSACK NINE FLOORS, GAIN LITTLE LOOT

St. Louis, Mo., Nov. 27.—(UP)—After ransacking nine floors of the Advertising building, bandits got a total loot of \$20 in cash, \$15 in stamps and an armful of groceries.

S. S. KRESGE, CHAIN STORE MILLIONAIRE, MARRIES AT N. Y.

Stroudsburg, Pa., Nov. 27.—(UP)—Announcement of the marriage of Sebastian S. Kresge, five and ten cent store multi-millionaire to Mrs. Clara K. Swaine of New York City, was made today by J. M. Hill, legal officer here.

Hill said the marriage took place at Kunkletown, near here, on Oct. 29.

MINNESOTA VOTERS SET ALL TIME RECORD

1,070,274 BALLOTS WERE CAST AT GENERAL ELECTION NOVEMBER 6

STATE CANVASSING BOARD COMPLETES ITS LABORS, ANNOUNCES RESULTS

St. Paul, Nov. 27.—(UP)—Minnesota voters established an all-time record in the general elections of Nov. 6 when 1,070,274 ballots were cast, the state canvassing board announced here today.

Senator Henrik Shipstead, farmer-labor incumbent, received 666,169 votes, the greatest amount for any candidate. He polled almost twice as many votes as Arthur E. Nelson, his republican opponent, whose total was 342,992. Dunne, the third party candidate received but 9,380 votes.

In the presidential race Herbert Hoover received 560,977; Smith 396,451; Reynolds 1,921; Foster 4,853; Thomas 6,774. Hoover's plurality over Governor Smith was 164,526.

Governor Theodore Christianson, with 549,857 votes, had a plurality of 422,644 over Ernest Lundeen, the farmer-labor candidate, his nearest opponent. Lundeen's total was 227,193; Nelson, 213,734; Brandt, 3,279, and Benthall, 5,760.

Votes on the two amendments, No. 1 and No. 2 were as follows: Gasoline tax amendment, yes, 527,796; no, 346,109. Stockholders' liability amendment, yes, 506,065; no, 223,725. Because one more than half of the votes cast are required for the passage of an amendment, No. 1 was carried while the other was lost.

Results of the state races follow: Lieutenant governor: Nolan, 626,413; Meighen, 235,133; Pfander, 180,449.

Secretary of state: Holm, 625,712; Stageberg, 178,096; Carpenter, 163,771. Holm carried every county and polled the heaviest vote of any republican.

State treasurer: Schmah, 541,151; Seberger, 205,228; Just, 187,950.

Attorney general: Youngquist, 524,151; Gaarenstroom, 192,472; Cahill, 205,681.

Railroad and warehouse commission: Laurisch, 463,791; Peterson, 259,823; Justeson, 171,954.

Congress, sixth district: Knutson, 55,663; Knutson, 28,276.

CHARGE CONSPIRACY TO DEFAUD

St. Paul, Nov. 27.—(UP)—The Produce Exchange Bank of St. Paul today instituted suit in district court here against John G. Tegner, former vice president of the institution, and Sam Bernstein, clothing merchant, on charges of conspiracy to defraud.

The suit seeks to collect \$4,160 from the two men on loans which they were charged with having made from the institution.

St. Paul, Nov. 27.—(UP)—An hour after she was struck by an unknown motorist, Katherine Poljanowski, 19, died here today in Midway hospital. It was the unknown driver who carried the girl to the hospital but he failed to leave his name.

129 ARE KNOWN DEAD, DAMAGE INTO MILLIONS

14 DROWN WHEN THE STEAMER CESARRE SINKS IN THE MEDITERRANEAN

38 KNOWN TO BE MISSING ON 4 VESSELS LOST IN STORMS

London, Nov. 27.—(UP)—Havoc and death spread in the British Isles and Europe today as terrific gales hammered inland.

Latest reports gave 129 known dead and it was possible that the list might be increased largely. Damage ran into millions.

Holland reported 25 known dead. In England 24 lost their lives and 14 were drowned when the steamer Cesarre went down off Algeria in the Mediterranean.

Many more were feared lost in the long roll of wrecked and missing ships—among them 38 men known to be on four missing vessels.

Scores of vessels had called for help during the height of the storm and many craft were wrecked. Mediterranean boats continued to feel the force of the storm. There was a large loss of life at sea.

Broken dykes and overflowing rivers brought dangerous flood conditions in Scotland, Wales and the low European coastal areas.

In Belgium, troops were rushed to Calloo, near Antwerp, where dykes burst in the Mechlin region. Antwerp reported it was the worst storm in thirty years with shipping and railway traffic tied up and power lines and communications badly damaged.

Steamers in the North Sea sought shelter as the storm continued unabated, driving many ships into Cuxhaven. Five of the crew of the freighter Ann Hugo Stinnes VI were rescued by the fishing steamer Po-hannes Klatte. One was drowned.

Rivers in western Germany were rising as heavy rains swelled the streams. The upper Rhine had risen 29 inches in 24 hours at Cologne. In Wiesbaden, two persons were killed by lightning and 50 were homeless when tons of rock dislodged and fell on their cottages. Heavy flood damage was reported above Lorch.

The river Trent was over its banks, partly isolating the Prince of Wales' farm near Nottingham.

Airplanes and life boats made dramatic attempts to rescue the crew of the steamer Salento stranded on the Dutch coast. One lifeboat capsized and a member of its crew drowned. Three bodies were washed ashore from the Salento. It was feared that others apparently still alive in the captain's cabin would perish.

All shops were closed in Ostend as the gales blew seawater over the dyke toward the town. Flood and wind damage was severe throughout Belgium.

The Hindenburg dyke, connecting the island of Sylt with the mainland of Germany, was damaged. Workmen rushed repairs as heavy rains and a falling barometer threatened anew.

Reports from western Germany said the storm was hitting hard at Dortmund, Essen, Duisburg, and other cities of the region and causing extensive damage. The Potsdam observatory reported the lowest barometer in 20 years. The Saar and Moselle rivers were rising and flooding many basements in towns along their banks.

Channel steamers resumed service today and later airplane service from England to the continent was partly restored.

Many smaller vessels, unable to make port at the peak of the storm began to arrive and the majority reported loss overboard of some member of the crew.

The Cunard liner Carinthia arrived at Liverpool, reporting that since leaving the United States 16 SOS calls had been received and cancelled before the course of the ship was altered.

Washington, Nov. 27.—The hurricane which swept six Philippine provinces and touched ten others, caused a major catastrophe which probably will require relief from agencies in the United States, Gov.

S. S. KRESGE, CHAIN STORE MILLIONAIRE, MARRIES AT N. Y.

Stroudsburg, Pa., Nov. 27.—(UP)—Announcement of the marriage of Sebastian S. Kresge, five and ten cent store multi-millionaire to Mrs. Clara K. Swaine of New York City, was made today by J. M. Hill, legal officer here.

Hill said the marriage took place at Kunkletown, near here, on Oct. 29.

MINNESOTA VOTERS SET ALL TIME RECORD

1,070,274 BALLOTS WERE CAST AT GENERAL ELECTION NOVEMBER 6

STATE CANVASSING BOARD COMPLETES ITS LABORS, ANNOUNCES RESULTS

St. Paul, Nov. 27.—(UP)—Minnesota voters established an all-time record in the general elections of Nov. 6 when 1,070,274 ballots were cast, the state canvassing board announced here today.

Senator Henrik Shipstead, farmer-labor incumbent, received 665,169 votes, the greatest amount for any candidate. He polled almost twice as many votes as Arthur E. Nelson, his republican opponent, whose total was 342,992. Dunne, the third party candidate received but 9,380 votes.

In the presidential race Herbert Hoover received 560,977; Smith 396,451; Reynolds 1,921; Foster 4,853; Thomas 6,774. Hoover's plurality over Governor Smith was 164,526.

Governor Theodore Christianson, with 549,857 votes, had a plurality of 422,644 over Ernest Lundeen, the farmer-labor candidate, his nearest opponent. Lundeen's total was 227,193; Nelson, 213,734; Brandt, 3,279, and Bentall, 5,760.

Votes on the two amendments, No. 1 and No. 2 were as follows: Gasoline tax amendment, yes, 527,796; no, 346,109. Stockholders' liability amendment, yes, 506,065; no, 223,725. Because one more than half of the votes cast are required for the passage of an amendment, No. 1 was carried while the other was lost.

Results of the state races follow: Lieutenant governor: Nolan, 526,413; Meighen, 235,133; Pfander, 180,449.

Secretary of state: Holm, 625,712; Stageberg, 178,096; Carpenter, 163,771. Holm carried every county and polled the heaviest vote of any republican.

State treasurer: Schmahl, 541,151; Seberger, 295,228; Just, 187,950.

Attorney general: Youngquist, 524,151; Gaarenstroom, 192,472; Cahill, 205,681.

Railroad and warehouse commission: Laurisch, 463,791; Peterson, 259,823; Justeson, 171,954.

Congress, sixth district: Knutson, 55,663; Knutson, 28,276.

CHARGE CONSPIRACY TO DEFRAUD

St. Paul, Nov. 27.—(UP)—The Produce Exchange Bank of St. Paul today instituted suit in district court here against John G. Tegner, former vice president of the institution, and Sam Berstein, clothing merchant, on charges of conspiracy to defraud. The suit seeks to collect \$4,160 from the two men on loans which they were charged with having made from the institution.

St. Paul, Nov. 27.—(UP)—An hour after she was struck by an unknown motorist, Katherine Poljanowski, 19, died here today in Midway hospital. It was the unknown driver who carried the girl to the hospital but he failed to leave his name.

129 ARE KNOWN DEAD, DAMAGE INTO MILLIONS

14 DROWN WHEN THE STEAMER CESARRE SINKS IN THE MEDITERRANEAN

38 KNOWN TO BE MISSING ON 4 VESSELS LOST IN STORMS

London, Nov. 27.—(UP)—Havoc and death spread in the British Isles and Europe today as terrific gales hammered inland.

Latest reports gave 129 known dead and it was possible that the list might be increased largely. Damage ran into millions.

Holland reported 25 known dead. In England 24 lost their lives and 14 were drowned when the steamer Cesarre went down off Algeria in the Mediterranean.

Many more were feared lost in the long roll of wrecked and missing ships—among them 38 men known to be on four missing vessels.

Scores of vessels had called for help during the height of the storm and many craft were wrecked. Mediterranean boats continued to feel the force of the storm. There was a large loss of life at sea.

Broken dykes and overflowing rivers brought dangerous flood conditions in Scotland, Wales and the low European coastal areas.

In Belgium, troops were rushed to Calloo, near Antwerp, where dykes burst in the Mechlin region. Antwerp reported it was the worst storm in thirty years with shipping and railway traffic tied up and power lines and communications badly damaged.

Steamers in the North Sea sought shelter as the storm continued unabated, driving many ships into Cuxhaven. Five of the crew of the freighter Anni Hugo Stinnes VI were rescued by the fishing steamer Johannes Klatt. One was drowned.

Rivers in western Germany were rising as heavy rains swelled the streams. The upper Rhine had risen 29 inches in 24 hours at Cologne.

In Wiesbaden, two persons were killed by lightning and 50 were homeless when tons of rock dislodged and fell on their cottages. Heavy flood damage was reported above Lorch.

The river Trent was over its banks, partly isolating the Prince of Wales' farm near Nottingham.

Airplanes and life boats made dramatic attempts to rescue the crew of the steamer Salento stranded on the Dutch coast. One lifeboat capsized and a member of its crew drowned. Three bodies were washed ashore from the Salento. It was feared that others apparently still alive in the captain's cabin would perish.

All shops were closed in Ostend as the gales blew seawater over the dyke toward the town. Flood and wind damage was severe throughout Belgium.

The Hindenburg dyke, connecting the island of Sylt with the mainland of Germany, was damaged. Workmen rushed repairs as heavy rains and a falling barometer threatened anew.

Reports from western Germany said the storm was hitting hard at Dortmund, Essen, Duisburg, and other cities of the region and causing extensive damage. The Potsdam observatory reported the lowest barometer in 20 years. The Saar and Moselle rivers were rising and flooding many basements in towns along their banks.

Channel steamers resumed service today and later airplane service from England to the continent was partly restored.

Many smaller vessels, unable to make port at the peak of the storm began to arrive and the majority reported loss overboard of some member of the crew.

The Cunard liner Carinthia arrived at Liverpool, reporting that since leaving the United States 18 SOS calls had been received and cancelled before the course of the ship was altered.

Washington, Nov. 27.—The hurricane which swept six Philippine provinces and touched ten others, caused a major catastrophe which probably will require relief from agencies in the United States, Gov-

WONDERFUL TOURING WEATHER

NOVEMBER this year is in direct contrast with what the month offered last year. In 1927 winter got a start in October and hung on for months. This year November has brought this section some of the finest weather of the year and every Sunday finds the highways filled with cars taking advantage of the touring possibilities.

And there are plenty of places to go to, novel scenes to witness. Take Sunday, for instance. Out along the beautiful shore of Mille Lacs lake, down at the Indian Trading Post, some 300 Indians were completing their wild rice harvest ceremonial dance. Five days had been devoted to dancing and feasting.

Fox, mink, beaver farms may be inspected with permission of the owners, and there are many of these fur farms in Crow Wing and nearby counties.

The lakes have shore ice spanning the bays and inlets and on Borden lake adventurous youths were skating and sliding.

Ducks are still with us. There isn't a snowflake to be seen throughout the county. The roads are in fine shape, having been prepared for the winter freezeup. You can gain wonderful mileage with your tires, for there is no heat to expand them.

The fast drivers of the country have left the region and the people you generally encounter are driving at decent average speed and taking time to view the scenery. It does seem as though our heaviest and fastest travel comes with the tourist rush, when everybody is anxious to get somewhere and to get there in the least possible space of time.

The Cuyuna Range active ore shipping season is over, but a motor trip to the vicinity is interesting anyway and shows the wonderful development attained on the active North Range.

The month offers you chances to go to the lakes and there witness progress made in building and other improvements. The stage of water is very good for this season of the year.

You will notice new bridges put in by the highway department, one at Round and Gull, one near Nisswa, etc. These are practically new, the exact work being widening to standard width.

PHOSPHORUS AVIATION SIGN

CONTRIBUTING his bit toward the future of commercial aviation, E. R. Princeton, proprietor of the Ford garage and owner of the Hastings-St. Paul Motor Bus line, has had a mammoth sign painted on the roof of his garage building to guide aviators on their flights over the city, says the Hastings Gazette.

The sign contains the single word "Hastings," with a white arrow pointing northward. "Hastings" is painted in letters ten feet deep and covers an eighty foot space on the garage roof. The letters are formed of a phosphorus white paint which is clearly visible from the air by day or night.

The sign represents a very appreciable cash outlay and is distinctly creditable to Mr. Princeton who authorized the project on his own initiative.

Brainerd intends to put up a sign carrying the town's name, using some available roof, but so far nothing has been done about it.

IOWA TAKES FORWARD LEAP

WHILE Minnesota, pioneer in the good roads movement, was taking a step backward, in our opinion, her neighbor to the South referred to by Minnesota for years as the traditional "mud state," took a literal leap forward by voting in a one hundred million dollar bond issue that will give them six thousand miles of paving, a mileage almost equivalent to our total trunk highway system. Iowa has been some years awakening to the fact, but she has learned in recent years that poor roads are an expense and good roads an economy and an aid to prosperity. The whole issue will be taken care of through the vehicle and gas tax without a cent of tax on real estate. It is the same kind of proposition that Mr. Babcock would like to put across in Minnesota.—*Windom Citizen.*

APPRECIATED NOTICE

IN a letter to the Brainerd Dispatch, Charles A. Forbes, Division Engineer of the State Department of Highways, writes: "Thank you very much for the extended notice given the road talk at the Lions club meeting last Wednesday, November 21. In all the road making progress, from the beginning, the advocates of these improvements and system have been sustained and encouraged by the newspapers everywhere.

"Please accept my own and the wishes of Mr. Babcock, and the Highway Department for the many favors willingly extended."

BOND ISSUE NECESSARY

ONE more cent on the gasoline tax and the issuance of at least \$20,000,000 roads bonds are things that are apt to come in the near future. Why not? When permanent improvements are made why shouldn't the state do as other big corporations do? In expanding big industries would fail miserably if they had to pay as they go. Bond issues are as necessary to them as the daily operation of their plants. And a road bond issue is absolutely necessary if the state is to give us roads while we are alive to use them.—*Little Falls Transcript.*

THE story of the Vestris disaster seems to be one of general incompetency and negligence as a contributory cause. The last straw points to the SOS giving wrong location of sinking steamer, a point 36 miles east of course. The SOS according to testimony was delayed and when its appeal was sent out, it gave the Wyoming an erroneous location.

A NEENAH, Wis., woman died and left a wonderful collection consisting of 30 pianos, 50 organs and 1,000 beds as well as other knick-knacks which she had stored in 11 buildings. Maybe she was saving the stuff until it became old enough to become "antique." However, an "antique" piano or organ is usually fed to a bonfire.

Two Baltimore couples took the air to be married. The ceremony took place at high noon high in the air. Kind of an airy romance with air castles.

"ALL A MISTAKE" TO BE BRAINONIAN PLAY

"All a Mistake," a farce in three acts, has been chosen as the Brainonian play for this year. The plot is of a young married man, who in order to gain a legacy from his wealthy uncle, pretends to be married to a girl of his uncle's choice, while his own wife plays the part of fiancée of another man.

The cast, chosen by Miss White, is to include:

Captain Obadiah Skinner—Carl Zapffe.
Lieut. George Richmond—Donald Geist.

Ferdinand Lighthouse—Joe Heald.
Nellie Richmond—Edythe Titus.
Nellie Huntington—Helen Marie Stadlbauer.

Cornelia Skinner—Margaret Holmes.
Nellie McIntyre—Mildred Prentice.
Richard Hamilton—Allen Johnson.

The play will be presented Dec. 14 or thereabouts.

ROTARIANS COACHED IN THE SCOUT CRAFTS

All Boy Scouts of Brainerd entertained the members of the Rotary club at a venison banquet, Tuesday, Nov. 20, in the dining room of the Ransford hotel.

Rotarians were adorned with scout kerchiefs and were escorted by the Scout to reserved tables. There they consumed a dinner which certainly was fit for all men and boys assembled. However the amount of food which disappeared did not prevent them from joining in singing good old songs, which Rotarians know so well how to sing.

After the dinner, Roger Callahan, a student at B. H. S., gave an address stating a scout's opinion of Rotarian organization. Then Mr. Stout talked very interestingly showing a father's view point on father and son relationship. A five minute study period followed during which the scouts coached the Rotarians in the rudiments of elementary signaling, knot-tying and first aid. Following this were contests in which the boys showed their skill in the crafts they had just been teaching.

When the Rotarians departed, they were so well acquainted with scout ethics, that they might have qualified for the enviable title of "tenderfeet."

High School Orchestra Features the Unusual

The High School Orchestra, under the direction of Miss Cora Rickard, will feature in an unusually queer and interesting fashion this year because of the peculiar condition of the school quarters. They will, of course, be prominent in the Brainonian play, Class Play, Thanksgiving, Christmas and other programs entered into by the school. But the striking characteristic of it all is that the orchestra shall be divided into varying halves, one of which shall perform in the old Court House, and the other in the City Hall, and these halves shall be accompanied by male quartets, girl choruses, and what have you? Already they have experienced the delightful freshness of variation in that they have had to buy an entirely new set of music, the other having been destroyed by the fire; so some different, up-to-date renditions will be expected by all of us.

It is a twenty-five piece orchestra. Everyone is unusually enthusiastic, and, besides continuous applications to join, outside interest seems keen, judging from the inquiries made.

Orchestra members have been handicapped by rehearsal conditions and the finding of a suitable place for practice, also from the loss of graduated members and the cramped school conditions, but now "things are taking shape," as Miss Rickard says.

There are seven new members and each class in High School is about equally represented. There are now but two things to be wished for: some more violins to counterbalance the brass, and an Operetta.

The orchestra meets on Thursday nights in the Farmers' room of the new Court House at 7:15 P. M.

THE SEMPER PARATUS DISCUSSES PROGRAM

The second meeting of the Semper Paratus was held in the City Hall Monday afternoon at 3:30. The year's program was discussed, and a committee for refreshments was selected, composed of Lois Cook, chairman; Ruth Kunitz and Esther Moss. The program committee was also chosen and the results were: Edith Titus, chairman; Ruth Schwartz, Margaret Holmes and Helen Bane.

SENIOR HI-Y INDUCTS SEVEN

Seven prospective members of the Senior Hi-Y club received the official ritual last Wednesday at the Y, and became full fledged members of the club.

They are: Claude Holden, Leo Turcotte, David Weber, Harry Goedderz, Carol Guin and Gerald Cass.

A short business meeting followed the administration of the ritual with a discussion of the coming Older Boys' Conference at Duluth, November 30 and December 1 and 2.

The local chapter looks forward to the conference with great enthusiasm and will be represented there by Gaylord Kinney, Joe Heald, Ross Olmstead and Russell Nelson.

The next weekly meeting will be held on Tuesday at 6 o'clock instead of Wednesday as the regular date falls so near Thanksgiving.

ROGER REVIEWS THE '28 FOOTBALL SCORES

With the passing of the '28 football season several of the B. H. S. gridgers discarded their mole skins for the last time in their high school career. The players who ended their playing for B. H. S. and will receive letters are: Capt. Fuller, Gabion, Geist, Goedderz, Larson, G. McCaffrey, Paine, Swanson, and Wise.

At the start of the season, with about 45 candidates reporting for practice, the prospects were bright. By the time of the first game a large squad was in readiness, and the B. H. S. boys took the Milaca team into camp by a score of 25-0. Although Brainerd scored 25 points to its opponents none, the game was very good for the first game of the season, both teams showing great strength on offense and defense.

The second game, with St. Cloud Cathedral, was scheduled on short notice and Brainerd showed the most strength of the year in coming from behind to score a touchdown and tie the game, 6-6.

The next game on the schedule was with Brainerd's down river rivals, Little Falls. A real tussle developed and our boys came out of the fray on the long end of a 7-0 score. Brainerd scored its touchdown in the first half but it was taxed to the limit in the second half to keep the Little Falls squad from scoring.

Brainerd suffered its first defeat of the season when it met the strong Staples team. The game was played on a wet and slippery field and Staples scored early in the game on an intercepted pass. Both teams played on even terms for the rest of the game but Brainerd could not overcome the lead.

Brainerd scored its third victory by defeating the Aitkin team 18-6. The locals scored one touchdown by a pass and the others on straight football.

The real test of the season came when our gridmen journeyed to St. Cloud to meet the highly touted St. Cloud Tech team. Brainerd played on even terms with the Tech boys throughout the game but Tech after recovering a fumble scored on a pass, the only tally of the game.

The last game, played with Crosby-Ironton on their own field ended the grid season. Chupich, giant tackle of C-I, spelled defeat for Brainerd by snaring two passes which seemed impossible to catch and raced over the goal line. Brainerd also scored on a pass but was not able to penetrate the C-I defense for another touchdown. The final score was 12-6.

The lettermen who return next year are: Abrahamson, Dybbick, Foster, Garvey, Guin, Halvorsen, Hautala, and Lammon.

YE EDITOR

With thoughts of Thanksgiving uppermost in all minds, it is well that the student body should pause for a short time to consider its blessings. Every member of the Brainerd high school should be thankful for the facilities provided by the Board of Education that we may obtain an education. That we have three buildings centrally located with almost all the convenience of a high school, instead of any number of halls or connected grocery stores for our place of learning, is undoubtedly our greatest reason to be thankful. Then follows that all that tends to make the school year more interesting, athletics, the Glee clubs, dramatics, and the other organizations have not had to be discontinued because of the fire. If, when you are eating your Thanksgiving dinner Thursday, you will stop to consider everything for which you ought to be thankful and include those just mentioned, we are quite certain you'll begin to believe this is quite a nice old world after all, and that pumpkin pie will taste lots better. Well, the Staff hopes you have a nice, happy Thanksgiving.

BOYS' QUARTET TO FEATURE PROGRAM

On the Thanksgiving program which takes place Wednesday afternoon, the school will be entertained for the first time in many years by a boys' quartet.

The quartet, which was formed and drilled under the able supervision of Mr. LaMeter, the Boys' Glee club director, consists of Roland Jenkins, first tenor; Harry Goedderz, second tenor; William McClenahan, first bass, and Guy Hawkins, second bass.

Due to the short time for practice, the numbers will probably be few and humorous.

STUDENTS ENTER ESSAY CONTEST

Brainerd high school students are competing in an all-state essay contest sponsored by the Minnesota Federation of Womens' clubs. The subject of the contest is "Health, Beauty and Natural Resources in Minnesota." Two hundred dollars in prizes are offered by the Isaac Walton League, which is instrumental in preserving natural beauty, game and resources everywhere in the United States.

English students are required to write on the topic by submitting short essays. Those who wish to enter the contest must write a composition of at least one thousand words. Virtually every student in English IV classes is entering the competition and it is expected Brainerd will obtain some of the prizes.

The closing date is December 1, 1928.

The School Contributes Sixty Dollars in Drive

Sixty dollars was the total contribution by students of B. H. S. for the promotion of the Red Cross work, during the drive conducted last week throughout the school.

Miss O'Brien's, Miss Herwig's and Miss Laipple's first period classes in the old Court House and Miss Ruthe's and Miss Bratved's in the City Hall subscribed one hundred per cent to the cause. There are a number of other rooms which would be one hundred per cent except for one or two people. Approximately \$35 was collected in the Court House and around \$25 in the City Hall.

IN THE CLASSROOM

Miss Tornstrom has devised a plan in her English IV class to facilitate the study of Macbeth, and to make it more interesting than it ordinarily would be.

She has assigned to groups of six or seven students each act of the play respectively, to be read aloud and even dramatized, to a certain extent, in class. Some of the students show unusual talent in this reading, and some who ordinarily remain in the background in class discussion, have sprung into the lime-light, so to speak, in one day or so, by their extremely expressive reading or interpretation of the play.

This method holds the interest of the class very successfully and it is believed that more has been "soaked in" in these last few days of comprehensive reading than in all the rest of the study.

SENIORS HIKE IN MOONLIGHT

Another clear, moonlight night favored the second Senior outing last Friday, a hike to Barrows.

It took two class meetings, besides a committee meeting, to decide the form of the next Senior get-together. The old plea, "Why can't we dance?" was brought up at the first meeting but was quelled immediately, so some other form of amusement had to be resorted to. A hike was chosen.

Some fifteen hikers assembled at the City Hall and raced southward, pulling into Barrows about 9 o'clock where they were re-enforced by about fifteen more. The entire party crowded into the constable's house to get warm. From there, they moved out into the wide open spaces where a bonfire was built and mess was called. Weiners, buns, beans, coffee, and marshmallows were on the menu.

The majority of the party returned on the train. Others motored in. The general report was that it was a very novel and enjoyable outing.

ALUMNI

Hazel Cochran, of '28, who is receiving nurses training at St. Mary's in Duluth, spent the week end here.

Wine Barnes, alumnus of '28, is a student at the Calhoun Secretarial School in Minneapolis.

Raymond and Jack Anderson, graduates of '27, returned to their studies at the "U. of M." after visiting here for a few days.

Miss Alice Anderson of '27 has returned from St. Cloud to attend the funeral of her father.

Helen Paine, alumna of '27, has been named president of her class at Nopeming Sanatorium.

Joe Day, who has a position with the Highway Department in St. Paul, is attending St. Paul Law School at night. With the Highway Department are also Tommy Larkin and George Mantor of Brainerd.

Sophie Brending, graduate of '25, has accepted a position with the Los Angeles Examiner.

Have you heard about the '29 Annual? It's going to be a beauty, so you'll want one.

EXCHANGE

The students of the Comet's Tale, Little Falls, are casting ballots for the most popular girl in their high school. We hope that the best one will win.

"The Vulture," a four-act mystery play, sponsored by the Hastings Junior class, Red Wing, was presented Thursday, Nov. 1.

The students of St. Olaf's college, are presenting a Shakespearean play this fall. They are presenting "Much Ado About Nothing."

The staff of the Rah! Rah! of Two Harbors had a cabin party on Monday, Nov. 5.

A Studious Fellow

Father: "If you had a little more spunk in you, son, you'd stand farther up in your class. Do you know what spunk is?"

Son: "Yes, sir. Past participle of spunk."

If you haven't made your down payment on your year book, bring your fifty cents tomorrow morning and the staff will see that you get a receipt.

Speaking of teachers and Scotch jokes, Mr. Eiden told this one in his U. S. History Class:

At a church meeting a collection was taken which upon count amounted to twenty-eight dollars and three cents.

The parson looked over the audience and remarked, "There must be a Scotchman here somewhere."

"No," replied Sandy McAlpine, rising from his seat, "three Scotchmen."

The '29 Annual is selling for a dollar and a quarter. Down payments of fifty cents or over are payable now to any staff member. Don't forget, you'll want one.

We observe an eighth hour class which meets regularly after school in Miss Graham's room. The respective teachers take turns in staying after school with the assemblage, who abused privileges. The plan seems to be working extremely well.

SCIENCE HALL OPENED TO CLASSES MONDAY

Students of the Brainerd High School were very much startled last Monday morning by the announcement that all science classes would meet in the new Science hall.

What was the meaning of this? Was not the age of miracles past? Where was this supposedly imposing structure located? Alas! The dreams of a new building faded when it was announced that the new hall was none other than the old city lock-up, rejuvenated inside and out, and otherwise made more suitable for occupancy by the students.

The interior, with its snowy walls and ceiling, is a vivid contrast to the weather-beaten bricks of the exterior. It is fitted with all the necessities for modern school use. In addition to this, the building has its own heating system which is composed of a large coal heater. All in all, it is a real science hall. It will be known by that name for some time even though it is somewhat out-clasped by the one proposed for the new high school.

COMMERCIAL CLUB ORGANIZES FOR '29

The Commercial club held its first meeting of the year on Monday last week at the City Hall assembly, Miss Erstad being the leader.

Owing to the loss of a High School, the meetings will be somewhat different from those of last year.

In the fire of last spring, our constitution burned, therefore we must have a new one. A committee, consisting of Elvera Benson, Helen Marie Stadlbauer, and Betty Robertson, was appointed.

Of course we must have new officers so Katherine Pruth, Ruth Volk, and Jeanette Schnell were appointed a nominating committee.

Our program committee consists of Lois Cook, Agnes Shields, Genevieve Jenkins and Edith Frost. We expect great things of them.

The date for our next meeting has not been decided. We intend to have a regular business-like meeting.

We have many new members this year and anticipate good times.

CONTRACT WORK GIVEN IN BIOLOGY

Biology students of Miss Laipple's classes are to begin contract work for the following six weeks. Four contracts have been handed out to each person, A, B, C, and D.

An A contract requires the ability to obtain 25 lesson points on various subjects, such as health, nature study, mammals and insects; and to do A work on daily recitations. A B contract requires 15 lesson points and B work in classes, a C contract, 15 lesson points and the above condition, while a D contract requires the outlining of daily lessons thus enabling the D contractor to get a better grasp on his daily work.

Much originality may be shown by students in their work as some of the agreements provide for the construction of bird houses, nest boxes, feed boards for birds and booklets concerning mammals' classification and descriptions. All work must be in by December 25 at the latest.

We hear that Dicky Ebert was rather set back on the first morning of the Brainonian Annual drive. It seems that he went into his particular room, and after requesting the attention of the students, he proceeded to give forth his well-prepared sales talk. When he was about half finished, a small voice was heard asking its neighbor, "Say, what's that chap talking about?"

Bill McClenahan and fourteen trusty assistants pulled an impromptu Pow Wow in the lower class assembly Friday morning before the first period. The Pow was the announcement of the '29 Brainonian Annual selling campaign. Have you paid for your annual yet? You'll want one.

GUIN, END, PLACED ON CENTRAL SECOND TEAM

Carroll Guin, end on the Brainerd high school football team of 1928, was selected for an end position on the mythical All-Central second team, by coaches of the various schools in the All-Central section.

In addition to this, John Gabion, quarterback, received honorable mention; among the field generals Frank Wise, halfback, was also given honorable mention in the group of ball carriers.

WONDERFUL TOURING WEATHER

NOVEMBER this year is in direct contrast with what the month offered last year. In 1927 winter got a start in October and hung on for months. This year November has brought this section some of the finest weather of the year and every Sunday finds the highways filled with cars taking advantage of the touring possibilities.

And there are plenty of places to go to, novel scenes to witness. Take Sunday, for instance. Out along the beautiful shore of Mille Lacs lake, down at the Indian Trading Post, some 300 Indians were completing their wild rice harvest ceremonial dance. Five days had been devoted to dancing and feasting.

Fox, mink, beaver farms may be inspected with permission of the owners, and there are many of these fur farms in Crow Wing and nearby counties.

The lakes have shore ice spanning the bays and inlets and on Borden lake adventurous youths were skating and sliding.

Ducks are still with us. There isn't a snowflake to be seen throughout the county. The roads are in fine shape, having been prepared for the winter freezeup. You can gain wonderful mileage with your tires, for there is no heat to expand them.

The fast drivers of the country have left the region and the people you generally encounter are driving at decent average speed and taking time to view the scenery. It does seem as though our heaviest and fastest travel comes with the tourist rush, when everybody is anxious to get somewhere and to get there in the least possible space of time.

The Cuyuna Range active ore shipping season is over, but a motor trip to the vicinity is interesting anyway and shows the wonderful development attained on the active North Range.

The month offers you chances to go to the lakes and there witness progress made in building and other improvements. The stage of water is very good for this season of the year.

You will notice new bridges put in by the highway department, one at Round and Gull, one near Nisswa, etc. These are practically new, the exact work being widening to standard width.

PHOSPHORUS AVIATION SIGN

CONTRIBUTING his bit toward the future of commercial aviation, E. R. Princeton, proprietor of the Ford garage and owner of the Hastings-St. Paul Motor Bus line, has had a mammoth sign painted on the roof of his garage building to guide aviators on their flights over the city, says the Hastings Gazette.

The sign contains the single word "Hastings," with a white arrow pointing northward. "Hastings" is painted in letters ten feet deep and covers an eighty foot space on the garage roof. The letters are formed of a phosphorus white paint which is clearly visible from the air by day or night.

The sign represents a very appreciable cash outlay and is distinctly creditable to Mr. Princeton who authorized the project on his own initiative.

Brainerd intends to put up a sign carrying the town's name, using some available roof, but so far nothing has been done about it.

IOWA TAKES FORWARD LEAP

WHILE Minnesota, pioneer in the good roads movement, was taking a step backward, in our opinion, her neighbor to the South referred to by Minnesota for years as the traditional "mud state," took a literal leap forward by voting in a one hundred million dollar bond issue that will give them six thousand miles of paving, a mileage almost equivalent to our total trunk highway system. Iowa has been some years awakening to the fact, but she has learned in recent years that poor roads are an expense and good roads an economy and an aid to prosperity. The whole issue will be taken care of through the vehicle and gas tax without a cent of tax on real estate. It is the same kind of proposition that Mr. Babcock would like to put across in Minnesota.—*Windom Citizen*.

APPRECIATED NOTICE

IN a letter to the Brainerd Dispatch, Charles A. Forbes, Division Engineer of the State Department of Highways, writes: "Thank you very much for the extended notice given the road talk at the Lions club meeting last Wednesday, November 21. In all the road making progress, from the beginning, the advocates of these improvements and system have been sustained and encouraged by the newspapers everywhere.

"Please accept my own and the wishes of Mr. Babcock, and the Highway Department for the many favors willingly extended."

BOND ISSUE NECESSARY

ONE more cent on the gasoline tax and the issuance of at least \$20,000,000 roads bonds are things that are apt to come in the near future. Why not? When permanent improvements are made why shouldn't the state do as other big corporations do? In expanding big industries would fail miserably if they had to pay as they go. Bond issues are as necessary to them as the daily operation of their plants. And a road bond issue is absolutely necessary if the state is to give us roads while we are alive to use them.—*Little Falls Transcript*.

THE story of the Vestris disaster seems to be one of general incompetence and negligence as a contributory cause. The last few points to the SOS giving wrong location of sinking steamer, a point 36 miles east of course. The SOS according to testimony was delayed and when its appeal was sent out, it gave the Wyoming an erroneous location.

A NEENAH, Wis., woman died and left a wonderful collection consisting of 30 pianos, 50 organs and 1,000 beds as well as other knick-knacks which she had stored in 11 buildings. Maybe she was saving the stuff until it became old enough to become "antique." However, an "antique" piano or organ is usually fed to a bonfire.

Two Baltimore couples took the air to be married. The ceremony took place at high noon high in the air. Kind of an airy romance with air castles.

Number 10

"ALL A MISTAKE" TO BE BRAINIONIAN PLAY

"All a Mistake," a farce in three acts, has been chosen as the Brainionian play for this year. The plot is of a young married man, who in order to gain a legacy from his wealthy uncle, pretends to be married to a girl of his uncle's choice, while his own wife plays the part of fiancée of another man.

The cast, chosen by Miss White, is to include:

Captain Obadiah Skinner — Carl Zappfe.

Lieut. George Richmond — Donald Geist.

Ferdinand Lighthouse — Joe Heald.

Nellie Richmond — Edythe Titus.

Nellie Huntington — Helen Marie Stadbauer.

Cornelia Skinner — Margaret Holmes.

Nellie McIntyre — Mildred Prentice.

Richard Hamilton — Allen Johnson.

The play will be presented Dec. 14 or thereabouts.

ROTARIANS COACHED IN THE SCOUT CRAFTS

All Boy Scouts of Brainerd entertained the members of the Rotary club at a venison banquet, Tuesday, Nov. 20, in the dining room of the Ransford hotel.

Rotarians were adorned with scout kerchiefs and were escorted by the Scout to reserved tables. There they consumed a dinner which certainly was fit for all men and boys assembled. However the amount of food which disappeared did not prevent them from joining in singing good old songs, which Rotarians know so well how to sing.

After the dinner, Roger Callahan, a student at B. H. S., gave an address stating a scout's opinion of Rotarian organization. Then Mr. Stout talked very interestingly showing a father's view point on father and son relationship. A five minute study period followed during which the scouts coached the Rotarians in the rudiments of elementary signaling, knot-tying and first aid. Following this were contests in which the boys showed their skill in the crafts they had just been teaching.

When the Rotarians departed, they were so well acquainted with scout ethics, that they might have qualified for the enviable title of "tenderfoot."

High School Orchestra Features the Unusual

The High School Orchestra, under the direction of Miss Cora Rickard, will feature in an unusually queer and interesting fashion this year because of the peculiar condition of the school quarters. They will, of course, be prominent in the Brainionian play, Class Play, Thanksgiving, Christmas and other programs entered into by the school. But the striking characteristic of it all is that the orchestra shall be divided into varying halves, one of which shall perform in the old Court House, and the other in the City Hall, and these halves shall be accompanied by male quartets, girl choruses, and what have you? Already they have experienced the delightful freshness of variation in that they have had to buy an entirely new set of music, the other having been destroyed by the fire; so some different, up-to-date renditions will be expected by all of us.

It is a twenty-five piece orchestra. Everyone is unusually enthusiastic and, besides continuous applications to join, outside interest seems keen, judging from the inquiries made. Orchestra members have been handicapped by rehearsal conditions and the finding of a suitable place for practice, also from the loss of graduated members and the cramped school conditions, but now "things are taking shape," as Miss Rickard says.

There are seven new members and each class in High School is about equally represented. There are now but two things to be wished for: some more violins to counterbalance the brass, and an Operetta.

The orchestra meets on Thursday nights in the Farmers' room of the new Court House at 7:15 P. M.

THE SEMPER PARATUS DISCUSSES PROGRAM

The second meeting of the Semper Paratus was held in the City Hall Monday afternoon at 3:30. The year's program was discussed, and a committee for refreshments was selected, composed of Lois Cook, chairman; Ruth Kunitz and Esther Moss.

The program committee was also chosen and the results were: Edith Titus, chairman; Ruth Schwartz, Margaret Holmes and Helen Bane.

SENIOR HI-Y INDUCTS SEVEN

Seven prospective members of the Senior Hi-Y club received the official ritual last Wednesday at the Y, and became full fledged members of the club.

They are: Claude Holden, Leo Turcotte, David Weber, Harry Goedderz, Carrol Guin and Gerald Cass.

A short business meeting followed the administration of the ritual with a discussion of the coming Older Boys' Conference at Duluth, November 30 and December 1 and 2.

The local chapter looks forward to the conference with great enthusiasm and will be represented there by Gayford Kinney, Joe Heald, Ross Olmstead and Russell Nelson.

The next weekly meeting will be held on Tuesday at 6 o'clock instead of Wednesday as the regular date falls so near Thanksgiving.

ROGER REVIEWS THE '28 FOOTBALL SCORES

With the passing of the '28 football season several of the B. H. S. gridders discarded their molesters for the last time in their high school career. The players who ended their playing for B. H. S. and will receive letters are: Capt. Fuller, Gabion, Geist, Goedderz, Larson, G. McCaffrey, Paine, Swanson, and Wise.

At the start of the season, with about 45 candidates reporting for practice, the prospects were bright. By the time of the first game a large squad was in readiness, and the B. H. S. boys took the Milaca team into camp by a score of 25-0. Although Brainerd scored 25 points to its opponents none, the game was very good for the first game of the season, both teams showing great strength on offense and defense.

"No," replied Sandy McAlpine, rising from his seat, "three Scotchmen."

The '29 Annual is selling for a dollar and a quarter. Down payments of fifty cents or over are payable now to any staff member. Don't forget, you'll want one.

We observe an eighth hour class which meets regularly after school in Miss Graham's room. The respective teachers take turns in staying after school with the assemblage, who abused privileges. The plan seems to be working extremely well.

SCIENCE HALL OPENED TO CLASSES MONDAY

Students of the Brainerd High School were very much startled last Monday morning by the announcement that all science classes would meet in the new Science Hall.

What was the meaning of this? Was not the age of miracles past? Where was this supposedly imposing structure located? Alas! The dreams of a new building faded when it was announced that the new hall was none other than the old city lock-up, rejuvenated inside and out, and otherwise made more suitable for occupancy by the students.

The interior, with its snowy walls and ceiling, is a vivid contrast to the weather-beaten bricks of the exterior. It is fitted with all the necessities for modern school use. In addition to this, the building has its own heating system which is composed of a large coal heater. All in all, it is a real science hall. It will be known by that name for some time even though it is somewhat out-classed by the one proposed for the new high school.

COMMERCIAL CLUB ORGANIZES FOR '29

The Commercial club held its first meeting of the year on Monday of last week at the City Hall assembly, Miss Erstad being the leader.

Owing to the loss of a High School, the meetings will be somewhat different from those of last year.

In the fire of last spring, our constitution burned, therefore we must have a new one. A committee, consisting of Elvera Benson, Helen Marie Stadbauer, and Betty Robertson, was appointed.

Of course we must have new officers so Katherine Fruth, Ruth Volk, and Jeanette Schnell were appointed a nominating committee.

Our program committee consists of Lois Cook, Agnes Shields, Genevieve Jenkins and Edith Frost. We expect great things of them.

The date for our next meeting has not been decided. We intend to have a regular business-like meeting.

We have many new members this year and anticipate good times.

CONTRACT WORK GIVEN IN BIOLOGY

Biology students of Miss Laipple's classes are to begin contract work for the following six weeks. Four contracts have been handed out to each person, A, B, C, and D.

An A contract requires the ability to obtain 25 lesson points on various subjects, such as health, nature study, mammals and insects; and to do A work on daily recitations. A B contract requires 15 lesson points and B work in classes, a C contract, 15 lesson points and the above condition, while a D contract requires the outlining of daily lessons thus enabling the D contractor to get a better grasp on his daily work.

Much originality may be shown by students in their work as some of the agreements provide for the construction of bird houses, nest boxes, feed boards for birds and booklets concerning mammals' classification and descriptions. All work must be in by December 25 at the latest.

We hear that Dicky Ebert was rather set back on the first morning of the Brainionian Annual drive. It seems that he went into his particular room, and after requesting the attention of the students, he proceeded to give forth his well-prepared sales talk. When he was about half finished, a small voice was heard asking its neighbor, "Say, what's that chap talking about?"

Bill McClenahan and fourteen trusty assistants pulled an impromptu Pow Wow in the lower class assembly Friday morning before the first period. The Pow was the announcement of the '29 Brainionian Annual selling campaign. Have you paid for your annual yet? You'll want one.

GUIN, END, PLACED ON CENTRAL SECOND TEAM

Carroll Guin, end on the Brainerd high school football team of 1928, was selected for an end position on the mythical All-Central second team, by coaches of the various schools in the All-Central section.

In addition to this, John Gabion, quarterback, received honorable mention; among the field generals Frank Wise, halfback, was also given honorable mention in the group of ball carriers.

TWO PACIFIC COAST ELEVEN INVADING EAST THIS WEEK

OREGON AGGIES AND STANFORD U ENROUTE EAST

MEET NEW YORK UNIVERSITY
AND THE ARMY RESPEC-
TIVELY

THE TRADITIONAL THANKSGIV-
ING DAY GAMES GETTING
USUAL ATTENTION

By GEORGE KIRKSEY
(United Press Staff Correspondent)
New York, Nov. 27.—The eastern
invasion of two Pacific coast elevens
features the closing week of the foot-
ball season in the east.

The Oregon Aggies and Stanford
University are en route east to meet
New York University and the Army,
respectively, in the final games of the
season. The Oregon eleven will
meet the conquerors of Carnegie
Tech at Yankee Stadium Thanksgiving
Day and Stanford plays the
Army on the same field Saturday.

Traditional Thanksgiving day
games are getting their usual atten-
tion. Despite the poor record of
Cornell, the thirty-fifth annual game
between Pennsylvania and Gilt
Dobie's eleven at Franklin Field, Phila-
delphia, will draw a capacity crowd
of 65,000.

Pledged to "win this one for Bay-
singer," the Syracuse players hope
to regain the form they showed
against Nebraska in the annual
Thanksgiving day game against Col-
umbia at New York. Capt. Baysinger
is quarterback of the Orange
eleven and battled Nebraska almost
single-handed.

Three other important games for
Thursday are the Pittsburgh-Penn
State clash at Pittsburgh, the Brown-
Colgate struggle at Providence and
the West Virginia-Washington and
Jefferson battle at Morgantown, Pitt.
Brown and West Virginia are slight-
ly favored.

The Little Tufts eleven, which went
through the 1927 season without a
defeat and suffered only one loss this
season, will meet Butler at Indian-
apolis Thursday.

Georgetown University, which
stopped the winning streak of Chick
Meehan's N. Y. U. team, will attempt
to halt the powerful Detroit Univer-
sity eleven at Detroit Saturday. De-
troit is one of the nation's six un-
defeated and untied teams.

Boston College, another of the na-
tion's undefeated and untied elevens,
will face one of its stiffest tests of
the season in the final game against
the rugged Holy Cross eleven at
Boston Saturday.

ROOSEVELT

George Russell, Sr., is back from
Minneapolis where he has been visit-
ing at the home of his sister.

Sam Bloomstrom made a business
trip out to Pine Center last week.

Serge Coffield has been in St. Jo-
seph's hospital with jaundice, is back
home again and is improving some.

Mr. and Mrs. Phil Isle and family
of Nokay Lake visited at the home
of his sister, Mrs. Archie Coffield.

Ernest Brand and Earl Coffield
were Brainerd callers Saturday.

Mrs. Archie Coffield visited at the
home of Mrs. Sam Bloomstrom in
Brainerd last week.

cided to have the Sunday school all
winter.

No school in our district this week
on account of teachers annual meet-
ing in Brainerd.

George Russell, Sr., is visiting at
the home of Mr. and Mrs. Archie Co-
field.

Freezing up has put a stop to the
road work which was no all com-
pleted.

WABEDO

Those going to Pine River during
the week were Claude Whitted,
Ralph Felton, Dr. Hough, Joe Brock-
climber, Chester and Dorothy Cald-
well, Geo. Ruscoe and Jake Beckman.
Mrs. Geo. Ruscoe, Pete Allen, Lis-
sie Smith and little girl called on
Mrs. S. Whitted Thursday afternoon.
Geo. Ruscoe made a trip to Staples
and Wadena the latter part of the
week.

Mrs. Ray Kinkle is suffering with
a spell of tonsillitis.

Mrs. Jake Beckman and baby spent
Friday with Mrs. Ernie Siltman at
Pontotia.

Mr. and Mrs. Harry Zaske were
callers Saturday morning at the B.
J. Saxton home.

Mr. and Mrs. Rex Saxton visited
Saturday evening with relatives at
Longville.

ART HAUTALA ELECTED 1929 B. H. S. GRID CAPTAIN

BRAINERD 25 YEARS AGO

From the Daily Dispatch

November 27, 1903

Peter Cardel, E. L. Alexander and
Ami Shanks returned from the
northern woods last night, having
driven by team. They were several
days getting home but they had a
big load. They killed 12 deer but
did not bring home but seven or
eight. W. W. Wood, who went out
with the party liked the woods too
well and decided to remain for a few
weeks longer. The deer were the
finest collection that has been
brought into Brainerd this winter.

The Misses E. M. Goldworthy and
Nettie Sayles delightfully entertain-
ed a party of friends at their rooms
in the Wise block in honor of Miss
Ruth Hutchinson, of Fergus Falls,
who is visiting friends in the city.

Judge W. S. McClenahan and
Court Reporter George Moody re-
turned yesterday from Walker,
where there has been a term of the
district court. The judge will now
rest up until the term of court in
this city next month.

Congressman Buckman was in the
city for a short time today between
trains.

Frank McCarthy and Mrs. J. J.
McCarthy returned last night from
Duluth.

Ed Murphy returned yesterday
from Staples where he visited for a
few days.

James Spencer is building a nice
residence on his lots in East Brain-
erd.

Art Lagerquist came down from
the north today.

Matt Betzold left for Little Falls
this noon.

Mr. and Mrs. Henry Spalding ex-
pect to leave the first of the week
for California where they will spend
a portion of the winter.

KASCH OUTLINES TENTATIVE GAMES FOR NEXT SEASON

SCHEDULE ARRANGED OPENS
WITH GAME AT STAPLES
THERE SEPT. 20

EIGHT LETTERMEN TO RETURN
TO RANKS NEXT YEAR; 11
CLOSE CAREERS

Art Hautala, who filled the center
position after Fox was declared in-
eligible and who held that position
the major part of the season, was
elected captain of the Brainerd high
school football team for the year
1929 at a dinner given school letter-
men by Mr. and Mrs. W. J. Garvey
at Garvey's restaurant Saturday
evening.

Hautala was the unanimous choice
of the school athletes. His work in
the center position this season has
been crowned with success.

Coach Kasch announced today
that he has partially completed ar-
rangement of the 1929 football
schedule for Brainerd high school
which will be one of the hardest
schedules in years.

He announced bookings of the fol-
lowing teams:

Sept. 20—Staples, there.
Sept. 28—Wadena, here.
Oct. 11—St. Cloud Tech, there.
Oct. 18—Aitkin, there.
October 25—Little Falls, there.
Nov. 2—Crosby-Ironton, tentative.
November 9—Milaca, there.

Arrangements are being made to
book a game here on the open date,
Nov. 4.

Eight lettermen will return to
the ranks of the Brainerd high grid
team next year: Captain Art Hau-
tala, Lammon, Foster, Garvey, Abra-
hamson, Halvorson, Dybvik, Guin.

Lettermen who played their last
grid games for the Brainerd high
school this year were: Goedderz,
Fuller, McCaffrey, Geist, Paine, Lar-
son, Gabiou, Swanson, Wise, Edward
Lien and Alex Nelson are minor let-
termen.

SOUTH LONG LAKE

Don't forget Sunday school at 11
o'clock next Sunday. You are all
welcome.

The ladies aid met Thursday, No-
vember 22 at the home of Mrs. Will
Maust. It was voted upon to have
a new piano for the church. A boun-
teous dinner was served. The men
also turned out and had a shingling
bee, and shingled Carl Maust's
house. Everybody had a good time.
The next meeting will be at the
home of Mrs. A. E. House and Mrs.
Carl Jones, December 6 all day.

Mr. and Mrs. Anger Ormseth
entertained for Louis Wohlfather on
Nov. 20, the occasion being his
birthday. The evening was spent
informally, after which a midnight
lunch was served. Those present
were Mr. and Mrs. Walter Eschen-
bacher and family, Mr. and Mrs. Ed
Eschenbacher and family, Mr. and
Mrs. Bert Peterson and family, Mr.
and Mrs. C. E. Sutton, and Mr. and
Mrs. Arthur Benson and son, Dale,
and Andrew Ormseth of Brainerd.

Mrs. L. Wied went to St. Paul
Friday to visit with relatives.

Mr. and Mrs. Herman Klein-
schmidt entertained for company
Sunday.

Charles Cordes was a Brainerd vi-
sitor Friday.

Mr. and Mrs. Ernest Klein-
schmidt and family spent one even-
ing of last week at the Will Mor-
comb home.

Will Peterson was a Brainerd
shopper Friday.

P. O. Peterson went to town Fri-
day with a load of chickens.

There have been a few cases of
measles around the county, but all
are reported as getting along nicely.

Mrs. S. F. Brown was to return
home last week from Minneapolis,
but owing to the serious illness of
her mother she is going to stay a
while longer.

PHEASANTS COME AS SURPRISE PACKAGE FOR THANKSGIVING

Bill Demmers who plays the keys
on one of the linotype machines at
the Brainerd Daily Dispatch plant
was interviewed today. Three
Chinese Ring Neck Pheasants with
plumage of every color in the rain-
bow brought it about.

The birds arrived by express this
morning from his brother, A. J.
Demmers, of Aberdeen, S. D., just in
time to save Bill from buying a tur-
key for Thanksgiving.

"Are there pheasants in South Da-
kota? I should hope to tell you.
They run about the prairies so thick
that you have to carry a club to
force your way along. It wouldn't
be a difficult matter to sprinkle salt
on their tails," Bill said as he dis-
cussed on pheasant hunting.

The tail feathers on the birds
measured 20 inches. More con-
spicuous in beauty is the male pheas-
ant than the female.

The South Dakota law permits the
hunter to ship game outside the state
to others than himself.

GEORGIA TECH MAY MEET CALIFORNIA U

Los Angeles, Nov. 27.—(U.P.)—
Georgia Tech and California uni-
versity football teams probably
will meet here New Year's day in
the annual East-West gridiron
classic, feature of the Tourna-
ment of Roses celebration. It was
reported today.

That California, defeated but
once by the University of South-
ern California—will accept the in-
vitation seems probable.

Georgia Tech team has yet to
meet Alabama Poly and Georgia
before finishing its conference
schedule, but the strong showing
of Tech indicated it would be se-
lected to represent the east and
south.

Peaks of Desire

by Kane O'Day

WHAT HAS HAPPENED SO FAR.

JERRY DUNN, star reporter on a large newspaper, falls in love
with Ann Tremaine, daughter of a wealthy banker. He con-
vinces her of the emptiness of the life she is leading, and takes
her to live at his boarding house. There she is projected into a
new world of people. She is immediately attracted to Steve Har-
rison, a husky young mechanic who aspires to the prize ring, and
of whom Jerry is jealous. Ann gets a job as ticket seller in a
local theatre owned by Nick Pagalos, and walks home with Steve
Harrison. They are waylaid by Maizie Thompson, who accuses
Steve of trifling with her. Ann gets a job for Steve in Pagalos's
service, and during Jerry's absence on an out-of-town assignment,
she sees much of Steve. One night Pagalos asks Ann to stay after
hours and go over a play with him. In his office he tells her she
has been too upstage with him, and he wants her "friendship." Lee
goes toward the door to lock it.

NOW GO ON WITH THE STORY.

CHAPTER XXVI.

A SUBTLE coolness came over
Ann; all that was coura-
geous in her being began to
collect in response to Nick's chal-
lenge to her integrity. After he
turned the key in the door he
faced her and dropped into his
chair, still smiling as though the
whole thing were a joke; his light
attitude she knew was a disguise
for his real feelings.

"You're a funny one," she said,
regarding him searchingly.
"Sure I'm full of fun," he ban-
tered.

"You're funny, but you don't
know it, Mr. Pagalos. This stuff
about trying to boss me is pretty
crude, don't you think? I suppose
you thought I'd be frightened
when you locked that door, and
agree to pass it off as a joke.
What made you think you could
get by with such clumsy work?"

His sensuous face with its burn-
ing greenish-black eyes remained
set in its established snarl.
"Don't kid yourself," he said.
"You need a guy like me to handle
you once in a while. I ain't a
lad fellow and you're wasting
your time ritzing me."

"I didn't hire out to be your
playmate, you know," she re-
minded him. "Why don't you try
and play around with some of
those girls that like your type?"

"I'd rather play with you,
baby."

"Not a chance."
The trouble is you don't know
me yet—we're not very well ac-
quainted. I'll bet you one hun-
dred dollars if I kiss you you'd
change your opinion of me. I'm
a guy you've got to get used to
gradually."

"The only chance you'd ever
have to kiss me would be to catch
me some day when I am uncon-
scious, and that's never going to
happen. Your comedy doesn't get
over with me and I think I'll leave
now if you will be kind enough to
unlock that door."

"He made no move to stir from
his chair. "Not so, are you?"

"You like your job, don't you?"
"Yes, but not to this extent."

"Do you want me to keep on
working for you?"
"Sure thing. I'm going to raise
your salary."

"Well, if you want to keep me
on the job I'm telling you right
now you will have to get over
these crazy ideas. If you don't
let go of me I'm quitting right
now."

"You like your job, don't you?"
"Yes, but not to this extent."

"Do you want me to keep on
working for you?"
"Sure thing. I'm going to raise
your salary."

"Well, if you want to keep me
on the job I'm telling you right
now you will have to get over
these crazy ideas. If you don't
let go of me I'm quitting right

COL. LINDBERGH FLYING IN SOUTH

Nashville, Tenn., Nov. 27.—(UP)
—Col. Charles A. Lindbergh left
here shortly before noon, resuming
an eastward flight from Memphis,
which he interrupted enough to pay
his respects to a city which he drop-
ped from his national tour last year
because of the death of the late Gov.

here, as usual, was unexpected.

Philco Radio News at Hali's Music House

The Philadelphia Storage Battery
Co., makers of the new Philco "neu-
trodyne-plus" radio set, are pursu-
ing the radical policy of maintain-
ing one single type of chassis for all
cabinet models. Thus, no matter
which type of model is chosen, the
same instrument will be found there-
in.

"The common practice has been to
build a set to fit, so to speak, the
demand of the public for sets with-
in certain well-defined price limits,"
says W. J. Hall, general agent of
Philco distribution for this district.
"This method of set production
brought a number of radios on the
market under the same trade name
which performed with varying de-
grees of perfection. As a poor set
only hurts the name under which a
better set is also known, we decided
to take a stand with a single chassis
whether the set was small or large,
low-priced or deluxe.

"For three years our engineers
worked combining and originating
ideas and patents until at last they
had discovered a means whereby the
pure tone known for years to belong
to the neutrodyne circuit could be
combined in an all-electric set with
the greater power, range and dis-
tance of other circuits. This is now
called "neutrodyne-plus" because of
its unusual power with fidelity of
tone.

"To put one chassis in all models
was a big decision to make in favor
of the public, but we all gain by it
in several ways. In the first place,
by making all chassis the same the
production cost is substantially re-
duced for each set, making it pos-
sible to get so good a set within the
popular price range. In the larger
models the economy is used to make
a finer and more finished cabinet
when that type of housing is desired.
Then the public is protected, for, re-
gardless of the model purchased, we
offer only one quality of instrument.
Purchasers as well as authorized
dealers are further protected be-
cause all Philco chassis and cabinets
have the Philco seal, preventing sub-
stitutions. No Philco chassis leaves
the factory that is not encased in a
standard Philco cabinet." Advt

They killed 12 deer but did not bring home but seven or eight. W. W. Wood, who went out with the party liked the woods too well and decided to remain for a few weeks longer. The deer were the finest collection that has been brought into Brainerd this winter.

The Misses E. M. Goldworthy and Nettie Sayles delightfully entertained a party of friends at their rooms in the Wise block in honor of Miss Ruth Hutchinson, of Fergus Falls, who is visiting friends in the city.

Judge W. S. McClenahan and Court Reporter George Moody returned yesterday from Walker, where there has been a term of the district court. The judge will now rest up until the term of court in this city next month.

Congressman Buckman was in the city for a short time today between trains.

Frank McCarthy and Mrs. J. J. McCarthy returned last night from Duluth.

Ed Murphy returned yesterday from Staples where he visited for a few days.

James Spencer is building a nice residence on his lots in East Brainerd.

Art Lagerquist came down from the north today.

Matt Betzold left for Little Falls this noon.

Mr. and Mrs. Henry Spalding expect to leave the first of the week for California where they will spend a portion of the winter.

KASCH OUTLINES TENTATIVE GAMES FOR NEXT SEASON

SCHEDULE ARRANGED OPENS WITH GAME AT STAPLES THERE SEPT. 20

EIGHT LETTERMEN TO RETURN TO RANKS NEXT YEAR; 11 CLOSE CAREERS

Art Hautala, who filled the center position after Fox was declared ineligible and who held that position the major part of the season, was elected captain of the Brainerd high school football team for the year 1929 at a dinner given school lettermen by Mr. and Mrs. W. J. Garvey at Garvey's restaurant Saturday evening.

Hautala was the unanimous choice of the school athletes. His work in the center position this season has been crowned with success.

Coach Kasch announced today that he has partially completed arrangement of the 1929 football schedule for Brainerd high school which will be one of the hardest schedules in years.

He announced bookings of the following teams:

Sept. 20—Staples, there.

Sept. 28—Wadena, here.

Oct. 11—St. Cloud Tech, there.

Oct. 18—Aitkin, there.

October 25—Little Falls, there.

Nov. 2—Crosby-Branton, tentative.

November 9—Milaca, there.

Arrangements are being made to book a game here on the open date, Nov. 4.

Eight lettermen will return to the ranks of the Brainerd high grid team next year: Captain Art Hautala, Lammon, Foster, Garvey, Abrahamson, Halyorson, Dybvik, Guin.

Lettermen who played their last grid games for the Brainerd high school this year were: Goedderz, Fuller, McCaffrey, Geist, Paine, Larson, Gablou, Swanson, Wise, Edward Lien and Alex Nelson are minor lettermen.

Mr. and Mrs. Angner Ormseth entertained for Louis Wohlfaether on Nov. 20, the occasion being his birthday.

The evening was spent informally, after which a midnight lunch was served. Those present were Mr. and Mrs. Walter Eschenbacher and family, Mr. and Mrs. Ed Eschenbacher and family, Mr. and Mrs. Bert Peterson and family, Mr. and Mrs. C. E. Sutton, and Mr. and Mrs. Arthur Benson and son, Dale, and Andrew Ormseth of Brainerd.

Mrs. L. Wied went to St. Paul Friday to visit with relatives.

Mr. and Mrs. Herman Kleinschmidt entertained for company Sunday.

Charles Cordes was a Brainerd visitor Friday.

Mr. and Mrs. Ernest Kleinschmidt and family spent one evening of last week at the Will Morcomb home.

Will Peterson was a Brainerd shopper Friday.

P. O. Peterson went to town Friday with a load of chickens.

There have been a few cases of measles around the county, but all are reported as getting along nicely.

Mrs. S. F. Brown was to return home last week from Minneapolis, but owing to the serious illness of her mother she is going to stay a while longer.

PHEASANTS COME AS SURPRISE PACKAGE FOR THANKSGIVING

Bill Demmers who plays the keys on one of the linotype machines at the Brainerd Daily Dispatch plant was interviewed today. Three Chinese Ring Neck Pheasants with plumage of every color in the rainbow brought it about.

The birds arrived by express this morning from his brother, A. J. Demmers, of Aberdeen, S. D., just in time to save Bill from buying a turkey for Thanksgiving.

"Are there pheasants in South Dakota? I should hope to tell you. They run about the prairies so thick that you have to carry a club to force your way along. It wouldn't be a difficult matter to sprinkle salt on their tails," Bill said as he discoursed on pheasant hunting.

The tall feathers on the birds measured 20 inches. More conspicuous in beauty is the male pheasant than the female.

The South Dakota law permits the hunter to ship game outside the state to others than himself.

GEORGIA TECH MAY MEET CALIFORNIA U

Los Angeles, Nov. 27.—(U.P.)—Georgia Tech and California university football teams probably will meet here New Year's day in the annual East-West gridiron classic, feature of the Tournament of Roses celebration, it was reported today.

That California, defeated but once—by the University of Southern California—will accept the invitation seems probable.

Georgia Tech team has yet to meet Alabama Poly and Georgia before finishing its conference schedule, but the strong showing of Tech indicated it would be selected to represent the east and south.

Peaks of Desire by Kane O'Day

WHAT HAS HAPPENED SO FAR.
JERRY DUNN, star reporter on a large newspaper, falls in love with Ann Tremaine, daughter of a wealthy banker. He convinces her of the emptiness of the life she is leading, and takes her to live at his boarding house. There she is projected into a new world of people. She is immediately attracted to Steve Harrison, a husky young mechanic who aspires to the prize ring, and of whom Jerry is jealous. Ann gets a job as ticket seller in a local theatre owned by Nick Pagalos, and walks home with Steve Harrison. They are waylaid by Maizie Thompson, who accuses Steve of trifling with her. Ann gets a job for Steve in Pagalos' service, and during Jerry's absence on an out-of-town assignment, she sees much of Steve. One night Pagalos asks Ann to stay after hours and go over a play with him. In his office he tells her she has been too upstage with him, and he wants her "friendship." Lee goes toward the door to lock it.

NOW GO ON WITH THE STORY.
CHAPTER XXVI.
A SUBTLE coolness came over Ann; all that was courageous in her being began to collect in response to Nick's challenge to her integrity. After he turned the key in the door he faced her and dropped into his chair, still smiling as though the whole thing were a joke; his light attitude she knew was a disguise for his real feelings.

"You're a funny one," she said, regarding him searchingly. "Sure I'm full of fun," he bantered. "You're funny, but you don't know it. Mr. Pagalos. This stuff about trying to boss me is pretty crude, don't you think? I suppose you thought I'd be frightened when you looked at that door, and agree to pass it off as a joke. What made you think you could get by with such clumsy work?"

His sensuous face with its burning greenish-black eyes remained set in its established smile. "Don't kid yourself," he said. "You need a guy like me to handle you once in a while. I ain't a bad fellow and you're wasting your time ritzing me."

"I don't hire you out to be your playmate, him know," she reminded him. "Why don't you try and play around with some of these girls that like your type?"

"I'd rather play with you, baby."

"Not a chance."

"The trouble is you don't know me yet—we're not very well acquainted. I'll bet you one hundred dollars if I kiss you you'd change your opinion of me. I'm a guy you've got to get used to gradually."

"The only chance you'd ever have to kiss me would be to catch me some day when I am unconscious, and that's never going to happen. Your comedy doesn't get over with me and I think I'll leave now if you will be kind enough to unlock that door."

"I made no move to stir from his chair. "Not sore, are you?"

Philco Radio News at Hall's Music House

The Philadelphia Storage Battery Co., makers of the new Philco "neutrodyne-plus" radio set, are pursuing the radical policy of maintaining one single type of chassis for all cabinet models. Thus, no matter which type of model is chosen, the same instrument will be found therein.

"The common practice has been to build a set to fit, so to speak, the demand of the public for sets within certain well-defined price limits," says W. J. Hall, general agent of Philco distribution for this district. "This method of set production brought a number of radios on the market under the same trade name which performed with varying degrees of perfection. As a poor set only hurts the name under which a better set is also known, we decided to take a stand with a single chassis whether the set was small or large, low-priced or deluxe."

"For three years our engineers worked combining and originating ideas and patents until at last they had discovered a means whereby the pure tone known for years to belong to the neutrodyne circuit could be combined in an all-electric set with the greater power, range and distance of other circuits. This is now called 'neutrodyne-plus' because of its unusual power with fidelity of tone."

"To put one chassis in all models was a big decision to make in favor of the public, but we all gain by it in several ways. In the first place, by making all chassis the same the production cost is substantially reduced for each set, making it possible to get so good a set within the popular price range. In the larger models the economy is used to make a finer and more finished cabinet when that type of housing is desired. Then the public is protected, for, regardless of the model purchased, we offer only one quality of instrument. Purchasers as well as authorized dealers are further protected because all Philco chassis and cabinets have the Philco seal, preventing substitutions. No Philco chassis leaves the factory that is not encased in a standard Philco cabinet." Advt

Powerful Situation in New Griffith Film

There was nothing left in life for her... her home was broken up... her husband had been unfaithful... and so she tottered nearer and nearer to the roof's edge... only an act of Providence could save her...

This is one of the most dramatic situations in D. W. Griffith's "The Battle of the Sexes," which comes to the Lyceum theatre on Wednesday.

CONSTIPATION CAUSES MANY A SLOW UP

But you can protect yourself

No man can do justice to his job — no woman can remain vivacious and happy — with constipation daily undermining health and strength. Aching heads, painful muscles, nervousness, blemished cheeks — these are just little things that constipation brings on. In the end, it causes more than forty dreadful diseases.

Begin now combating constipation. Kellogg's ALL-BRAN is guaranteed to relieve it. More — to prevent it. Just eat two tablespoonfuls daily — chronic cases,

every meal. Doctors recommend ALL-BRAN because it is 100% bran — 100% effective.

Healthful and delicious with milk or cream, or with fruit or honey added. Sprinkle into soups. Recipes on package. Sold by all grocers. Served everywhere. Made by Kellogg in Battle Creek.

Who is this? Don't you know? This is Christopher Columbus.

What is he doing? He is discovering America.

He looks kind of sour. Yes, he just feels terrible.

Why does he feel terrible? Because he didn't discover CHICOS.

YOU'LL sympathize with Columbus when you taste Chicos.

They're top grade Spanish peanuts. They're good... We mean they're simply gorgeous!

First we roast them to bring out their tantalizing flavor.

Then we toast them over an open fire to make them crisp and crunchy. We blanch them, salt them.

We seal them in glassine bags, pack them in air tight boxes. You get them fresh, crisp, fragrant with just-toasted goodness.

Next time you spot a yellow-black jar of Chicos, slide a nickel across the counter and help yourself...

Señor, you'll take to Chicos like drug stores take to corners!

Who is this? Don't you know? This is Christopher Columbus.
What is he doing? He is discovering America.
He looks kind of sour. Yes, he just feels terrible.
Why does he feel terrible? Because he didn't discover CHICOS.

YOU'LL sympathize with Columbus when you taste Chicos.

They're top grade Spanish peanuts. They're good... We mean they're simply gorgeous!

First we roast them to bring out their tantalizing flavor.

Then we toast them over an open fire to make them crisp and crunchy. We blanch them, salt them.

We seal them in glassine bags, pack them in air tight boxes. You get them fresh, crisp, fragrant with just-toasted goodness.

Next time you spot a yellow-black-red jar of Chicos, slide a nickel across the counter and help yourself...

Señor, you'll take to Chicos like drug stores take to corners!

Trial of School District vs. General Casualty and Surety Co. Terminates

COURT ADJOURNS TOMORROW Will Reopen Next Monday; State Prosecutes Alleged Drunken Driver Today

A verdict for the defendant under direction of the court terminated the trial of School District No. 20 Cass county vs. General Casualty and Surety Co., a corporation, in district court yesterday afternoon.

Charles Johnson, of Crosby, is being tried today on the second offense of driving an automobile while under the influence of liquor. The complaint alleges that Johnson drove his car on Oak street in Crosby on the evening of November 10, 1928 in an intoxicated condition during which time he ran off the road into the ditch.

County Attorney A. J. Sullivan is conducting the prosecution for the state with Attorney Freeriks defending Johnson.

District court will adjourn tomorrow afternoon and will reopen Monday morning, December 3 with Judge Bert Fessler presiding.

Seven cases remain on the calendar for trial at this term.

Come all and have a good time, and bring the family and friends.

SILVER ANNIVERSARY

Friends Surprise Mr. and Mrs. J. B. Avery on Pleasant Occasion

Mr. and Mrs. J. B. Avery were pleasantly surprised at their home, 713 Pine street, Saturday evening, by friends and neighbors, the occasion being the silver anniversary of their wedding.

A musical program was rendered during the evening, and games were played. The greatest feature of the evening, however, was a mock wedding with Mr. and Mrs. Avery as groom and bride, Little Marion Joan McCulloch as flower girl, Ralph Johnson as ring bearer and Roland Jenkins acting as minister. The attendants were Edward Frayer, Leland Avery, Esther Bentley and Lorraine Morrison. Mrs. William Lizzotte played the wedding march. Roland Jenkins also gave a vocal selection.

Mr. and Mrs. Avery were presented with a beautiful set of silverware, the Adams design.

A very pleasing lunch was served by the neighbors, a large wedding cake gracing the center of the table.

About 40 were present, the out-of-town guests being Mrs. Avery's sister, Mrs. Alice Christenson of St. Cloud; Mrs. Avery's sister, Mrs. Fred Reed of St. Paul; and Mrs. Avery's parents, Mr. and Mrs. Harrison of Garrison.

Large Number of Bidders Expected for New High School Building Contracts

ATTRACTS WIDE INTEREST

Principal Meeting to be Held in Court House to Permit Attendance Room

Consideration of between 150 and 200 bids on the construction of the new high school building will take place at the Friday meeting of the Brainerd Board of Education.

The above number of bids was estimated today by Louis F. Hohman, secretary of the board, as an approximate number of bids expected and records the interest taken in the construction by Brainerd, state and out of state contractors.

Five separate bids may be tendered: general contract, heating contract, plumbing contract, ventilating contract, and electrical contract.

The meeting will be called to order at 8 o'clock in the regular board chambers in the city hall following which the meeting in main will be held in the farmers room of the court house to permit space for those anxious to attend.

Delayed Snow Saves State and County Highway Departments Thousands of Dollars

SNOW FENCING ARRIVES

Twenty-Seven Miles of Snow Fencing Will Protect Trunk Highways

Thousands of dollars will be saved the county and state highway departments in funds set aside for snow clearance purposes this season due to the delayed appearance of snow.

A. W. Moulster, district superintendent of state highways, announced today that 30,000 additional feet of snow fencing had been purchased this year for trunk highway protection in this district increasing the total to 142,000 feet or more than 27 miles.

Seventy five per cent of the snow fencing has already been placed up, Mr. Moulster reported. Four miles of snow fencing will be put up on Millie Lake when snow and ice come.

Last season the first big snow storm came on November 14, the snow remaining throughout the winter.

Men's Birthday Club

The Men's Birthday club of the Swedish Bethany church, which met at the home of Rev. P. G. Fallquist last evening, was well attended.

A good program was rendered, and an enjoyable evening was spent by all.

Weivog-Tillquist
On Saturday evening, November 17, at 7:30 o'clock in the Free Evangelical church at Wolverton, Minn., Jessie A. Tillquist and Raymond G. Weivog were united in marriage at a beautiful fall wedding.

Mrs. Weivog was attended by her cousin, Mrs. Ragor Wall of St. Paul, as matron of honor, Miss Grace Edstrom of Wolverton as bridesmaid, and little Miss Betty Anderson as flower girl. The groom's attendants were Lawrence Nordholm and Clifford Edstrom. Herbert Nelson sang "I Love You Truly" and a vocal duet was rendered by Mrs. Carlson and Miss Lillian Cedar, accompanied by Mrs. Harry Edstrom who also played Lohengrin's wedding march. Mrs. Weivog's gown was of white silk lace flounces over pink satin, snug fitting bodice and full skirt with uneven hemline. She wore an embroidered veil entrained and held by a wreath of orange blossoms. Her only jewels were a rhinestone star which held the girdle of her gown, an aqua marine and diamond lavalier, a family heirloom, and a jeweled bracelet, a gift from the groom.

She carried a shower bouquet of pink brideroses, orchid lilies and lilies of the valley. Mrs. Wall wore a peach colored flat crepe gown, rhinestone headband, and carried an arm bouquet of pink and white pompons and ferns. Miss Edstrom wore a Nile green georgette, rhinestone headband and carried an arm bouquet similar to that of Mrs. Wall. The little flower girl wore a ruffled gown of pink and white flowered silk pink headband with fluffy bows and carried an ivory basket tied with a pink bow and filled with rose petals which she scattered before the bride. Mrs. Edstrom's gown was white satin and she carried an arm bouquet similar to that of Mrs. Wall and Miss Edstrom. Mrs. O. E. Till-

quist, mother of the bride, wore black velvet. The groom and his attendants wore the regulation dark suits with buttoniers of pink rosebuds, lilies of the valley and ferns. The ushers were Harry Edstrom, brother-in-law and a school friend of the groom.

Mrs. Weivog's going away costume consisted of a gown of dark blue georgette. A black velvet hat trimmed with rhinestones, black suede pumps with rhinestone buckles, gun-metal hose and her coat of Persian lamb.

The altar was beautifully decorated with pink and white baby pompons, ferns and tall white cathedral candles. During the ceremony the couple stood beneath an ivory arched trellis, trimmed with autumn foliage and a large white wedding bell.

A tall wedding cake in white and pink and topped with a miniature bride and groom formed a very important part of the decorations. After the ceremony the two hundred guests were ushered to the church parlors which were decorated in white and pink where the matron of honor distributed wedding cake wrapped in white and pink tissue, and tied with pink baby ribbon. A delicious wedding luncheon was served.

The young couple then left for Fargo, after which they went immediately to Benson, Minn., where they will reside. Mr. Weivog has accepted a position as manager of a Red Owl store at Benson.

Mr. and Mrs. Weivog are both well known in this city. Mrs. Weivog having owned and operated "The Best" beauty shoppe and Mr. Weivog being employed by the local Red Owl store. The esteem in which the young couple are held was proven by the hearty congratulations and many

beautiful gifts showered upon them by their many friends.

The out-of-town guests were Mrs. Clarence Lee and Mrs. Hattie Bailey of Brainerd; Mrs. Julius Tillquist, Dr. and Mrs. Ragor Wall of St. Paul, and G. Weivog, father of the groom at Detroit Lakes.

Felicitations are extended to them from their many friends here. From the Detroit Lakes Tribune, Nov. 22, 1928.

Mrs. Weivog is well known in Brainerd, having operated "The Best" beauty shop in the city until about a year ago.

HAVOC AND DEATH IN THE BRITISH ISLES AND EUROPE

(Continued from Page 1)
ernor General Henry L. Stimson reported to the war department today. Stimson has not obtained details but he said preliminary reports indicated very large destruction of buildings and crops. Loss of life was reported small.
"It is evident already," Stimson continued, "that the agriculture of the islands, particularly the crops of coconuts, hemp and rice upon which these provinces mainly depend, have been very severely damaged and in some places completely ruined so that the storm will affect the economic condition of these provinces for at least a year to come."
"I hope that U. S. relief agencies will be ready to act with generosity in case further reports bear out the present indications of damage."
Destructive floods have caused loss of life and serious material damage in Costa Rica, the state department was advised today in a dispatch from San Jose.
The flood area lay between San Jose and Limon and it was believed the railway line probably would not operate until March 1.

FICKLE SUMMER
First you came with smile tender
Awakening flowers, grasses, trees,
Warming all the earth with sunshine
Stirring birds and beasts and bees.
You gave promise of staying longer
Filling many hearts with cheer,
Giving the air a dainty perfume
Freeing us from winter's fear.
Then when we have learned to love
You
Basking gladly in your smile,
Like a flirt you laughed and left us
Left us for a long, long while.

DECLARES HE CAN NOW EAT ANYTHING

Minneapolis Man Knows Over a Dozen People Who Have Been Wonderfully Helped by Sargon
"Besides myself I know over a dozen people who have been wonderfully benefited by Sargon," said James O'Toole, residing at 4011 East 54th St., Minneapolis, recently.
Mr. O'Toole is a World War veteran, having served in D Battery, 327 Artillery, 82nd Division.
"Ten years ago," he continued, "after I came out of the service, I began to suffer from stomach trouble. My appetite was poor, and the little I forced myself to eat soured on my stomach and caused severe gas pains and indigestion attacks. I was dreadfully bilious, and frequently had headaches and dizzy spells. I was constipated nearly all the time.
"My nerves were in such bad shape that often I didn't get over two or three hours sleep a night. I was tired and sluggish all through the day. I was losing weight and strength rapidly, and was in no shape for work or anything else worth while.
A friend of mine, who had taken Sargon, insisted on my trying it. I have now taken three bottles, and I tell you I feel like a brand new man from head to foot.
"For the first time in ten years I can eat anything I want. I never have a trace of indigestion, gas or biliousness now. The headaches and dizzy spells have been entirely overcome. I don't have that weak, depressed feeling that used to be with me all the time. My nerves are in fine shape and I sleep like a log every night.
"I have gained weight and feel wonderfully strengthened and helped in every way."
Sargon may be obtained in Brainerd from Henry P. Dunn; and in Pequot from A. S. Rasmussen. Adv.

Sure Way to Stop Coughing

This Prescription Relieves Almost Instantly
Coughing is usually due to causes which patent medicines and cough syrups do not reach. However, Thoxine, a famous doctor's prescription, relieves coughing with the very first swallow. It works on an entirely different theory, has a double action, relieves the irritation and goes direct to the internal cause.
Unlike most cough medicines, Thoxine contains no chloroform, dope, or other harmful drugs. Safe for the whole family. Also excellent for sore throat. Quick relief guaranteed or your money back. 35c, 60c and \$1.00. Sold by Skauges and all other good drug stores. Adv.

WANT ADS BRING RESULTS

To Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated men, women and particularly old folks, had to keep constantly "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.
While he knew that constipation was the cause of nearly all headaches, biliousness, indigestion and stomach misery, he did not believe that a sickening "purge" or "physic" was necessary.
In Dr. Caldwell's Syrup Pepsin he discovered a laxative which helps to establish natural bowel "regularity" even for those chronically constipated. Dr. Caldwell's Syrup Pepsin

not only causes a gentle, easy bowel movement but, best of all, it never gripes, sickens, or upsets the system. Besides, it is absolutely harmless and so pleasant that even a cross, feverish, bilious, sick child gladly takes it.
Buy a large 60-cent bottle at any store that sells medicine or write "Syrup Pepsin," Monticello, Illinois, for a FREE SAMPLE BOTTLE and just see for yourself.
